Specifications for EC homologated units may differ slightly from specifications mentioned herein. Some models, tires and accessories depicted may not be available in your country. Depending on location, products are distributed by BRP European Distribution SA, BRP US Inc., BRP Australia Pty Ltd, or Bombardier Recreational Products Inc. Because of our ongoing commitment to product quality and innovation, BRP reserves the right at anytime to discontinue or change specifications, price, design, features, models or equipment without incurring any obligation. Some models depicted may include optional equipment. Read the Operator's Guide and watch the Safety DVD before driving. BRP highly recommends that all-terrain vehicle (ATV) drivers take a training course. ATVs can be hazardous to operate. For both ATVs and side-by-side vehicles (SSVs), the operator and passenger should wear a helmet, eye protection and other protective clothing. Respect the minimum age as required by law. For SSVs, fasten lateral net and seat belt at all times and passenger must be at least 12 years old and able to hold handgrips and plant feet while seated against the backrest. Never carry passengers on any ATV not specifically designated for such use. For ATVs, BRP recommends not to carry any passengers under the age of 12. Always remember that riding and alcohol/drugs don't mix. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. Ride responsibly. BRP urges you to "TREAD LIGHTLY" on public and private lands. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride. Always ride responsibly and safely. Never carry passengers on any ATV not specifically designated for such use. Highly skilled operators under controlled conditions appear in this brochure. Do not attempt these manoeuvres if they are beyond your skill level. Pictures taken outdoors, on private land. Printed in Canada.
